Fakir

Rechargeable Upright Vacuum Cleaner Home Cleaning

550 W long-lasting, high speed BLDC motor
Thanks to the special tabs on its nozzle, it does not allow the hair to get tangled into the brush and provides a better sweeping performance

It provides both wet and dry cleaning thanks to its mop that is easily attached and removed from the sweeping nozzle
Vacuum power: 24 kPa/200 airwatts

It can be used on both carpet and hard floor with a two-in-one brush

Possibility of fast charging in 2 hours and use of up to 1 hour
4-filter filtration system (Hepa 13, Epa 10, Cyclone and Sponge filter)

Automatic suction power feature
Operation period and suction power indicator on large LCD display

4 different suction power mode (eco-middle-auto-turbo)
Specially designed telescopic tube to clean the area under the furniture more easily

LED illuminated nozzle
0.6 L dust container (0.3 L usable max. dust container capacity)

Operation Period: High: =10min, Medium: =21min, Low: =58min

Handheld Operation Period: High: =12min, Medium: =25min, Low: =80min

Accessories;
